NIKITA SUBHASH VARKHADE

Varkhadenikita21@gmail.com | +91 7620783038 | www.linkedin.com/in/nikitavarkhade | https://github.com/Nikita-varkhade

Professional Summary

Software Developer with hands-on internship experience in designing, developing, and maintaining web applications using Java, React.js, Laravel, Node.js, JavaScript, and MySQL. Experienced working on live client projects, building responsive user interfaces, integrating REST APIs, resolving production issues, and collaborating using Git. Passionate about writing clean, scalable code and continuously learning modern technologies to deliver high-quality software solutions.

Technical Skills

Backend Technologies: Java, Spring, Spring Boot, Hibernate, REST APIs, Laravel, Node.js
Frontend Technologies: HTML5, CSS, Tailwind CSS, Vite, JavaScript, React.js
Database: MySQL
Tools: Maven, Postman, Git, GitHub, Gitlab, Eclipse, VS Code
Concepts: OOPs, MVC, Data Structure, API Integrations, Responsive Web Design

Experience

Software Developer Intern
MR Network Web Solution | May 2026 – Present
Technologies: React.js, JavaScript, Java, Spring Boot, Laravel, Node.js, Tailwind CSS, HTML5, CSS3, MySQL, Git, GitLab, REST APIs.
Responsibilities:

- Developed and maintained responsive web applications using React.js, Tailwind CSS, HTML5, CSS3, and JavaScript.
- Worked on live client projects by implementing new features and fixing bugs.
- Integrated REST APIs with frontend applications for seamless data communication.
- Contributed to backend development using Java Spring Boot, Laravel, and Node.js.
- Collaborated with the development team using Git and GitLab for version control.
- Assisted in deployment, build troubleshooting, and application maintenance.
- Optimized UI responsiveness and improved user experience across multiple devices.
- Participated in testing, debugging, and code review to ensure application quality.

Projects

Political Organization Management Portal (Live Client Project) | GitHub
Technologies: React.js, JavaScript, Tailwind CSS, Vite, REST API, Laravel, MySQL

- Developed responsive user interfaces using React.js and Tailwind CSS.
- Integrated REST APIs for dynamic content rendering.
- Built reusable UI components and optimized website performance.
- Resolved UI bugs, build issues, and deployment-related problems.
- Collaborated with the development team using GitLab in a production environment.

Interactive Portfolio Website (Personal Project) | GitHub
Technologies: React.js, JavaScript, Tailwind CSS, Vite

- Designed and developed a fully responsive personal portfolio website using React.js and Tailwind CSS.
- Showcased projects, technical skills, certifications, and professional experience through an intuitive user interface.
- Implemented reusable React components and optimized application performance.
- Integrated smooth navigation and responsive layouts for desktop, tablet, and mobile devices.
- Deployed the application and maintained the source code using Git and GitHub.
- Implemented a contact form for user inquiries and professional networking.

Student Attendance Tracking System *(Academic Project)*
Technologies: Java, Spring Boot, MySQL, REST APIs, Hibernate

- Developed a web-based Student Attendance Tracking System to manage student records and daily attendance efficiently.
- Implemented CRUD operations for student registration, attendance management, and record updates using Spring Boot and REST APIs.
- Designed and integrated a MySQL database with Hibernate for secure and efficient data storage and retrieval.
- Implemented validation and exception handling to ensure accurate attendance records and reliable system performance.
- Tested REST API endpoints using Postman and maintained clean, modular backend architecture.

Education

Bachelor of Science in Computer Science
Savitribai Phule Pune University
CGPA: 7.73 | 2022–2025

Certifications

- Full Stack Java Development – The Kiran Academy
- Java Programming – Crio
- Career Skills in Software Development – LinkedIn Learning
